# FREDERIKSDAL ORGANIC CHERRY CORDIAL

## THE TASTE OF GOOD HEALTH

Frederiksdal Organic Cherry Cordial has the rich and intense flavour of cherries. Our cordial is produced from the juice of the unique Danish Stevns cherry, exclusively from our Estate's own plantations. The Stevns cherry is rich in acid, sugar and antioxidants, lending the cordial a complex and concentrated flavour. We blend the organic cherry juice with 7% organic sugar and 40% water to make a cordial that is ready to enjoy – preferably cooled. The cordial can be further diluted with water to taste.

Frederiksdal Organic Cherry Cordial keeps for up to four weeks after opening, if kept refrigerated.

## REFRESHING AND HYDRATING

Enjoy Frederiksdal Organic Cherry Cordial with ice cubes and a slice of orange, or simply add water. When mixed with sparkling mineral water it makes the perfect alcohol-free aperitif – Cherry Kir.

## AN ALCOHOL-FREE ALTERNATIVE

Frederiksdal Organic Cherry Cordial is perfect for the alcohol-free celebration – either as an alternative to wine or in a cocktail. Cherry Lemon with alcohol-free gin, bitter lemon and Frederiksdal Organic Cherry Cordial.

# FREDERIKSDAL CHERRY WINE

Frederiksdal cherry wine is world class Danish wine. The wine has received awards and excellent reviews way beyond those previously seen for a Danish wine made from unique Stevns cherry – the Nordic grape.

Frederiksdal cherry wine is produced entirely from cherries grown in Frederiksdal's own orchards.

This Danish vineyard is the first in the world to produce quality wines from cherries based on the same wine-making principles as used over the centuries where wines are stored in oak barrels. The only difference is that the old traditions have been given a fresh interpretation and new life.

Frederiksdal cherry wine offers a wider horizon and real treats for the tastebuds. That's what makes Frederiksdal cherry wine something very special!

## CHERISH THE CHERRY
