

# RØD

## DEEP RED, BUBBLY AND PLEASANT SWEETNESS

### THE TASTE OF SUMMER

Frederiksdal RØD is a sparkling wine – to accentuate the fresh taste of cherries and give the wine more sweetness, we have added our Frederiksdal 2016 and pears from Lolland. The result is a fresh sparkling demisec.

Frederiksdal RØD is a mixture of 60 % cherries and 40 % pears – all grown locally in the island of Lolland.

### CHEESECAKE

RØD is perfect with traditional cheesecakes with biscuit base and creamed cheese mixture topped with fresh berries.

### SNACKS

RØD makes an ideal welcome drink or a refreshing glass of wine served on the patio – enjoy it with pastry snacks, rye bread crisps with smoked cheese and radishes, or salted nuts.
